93. The aforesaid events underlying plaintiff's factual allegations were not isolated incidents nor was it isolated to these officers, despite evidence of their repeat routine misconduct. The defendants have been aware for some time, from lawsuits, notices of claim, complaints filed, and judicial rulings suppressing evidence and finding officers incredible as a matter of law, that a disturbing number of Deputies unlawfully bring charges against detainees with no legal basis, use excessive force against citizens and create charges in an effort to cover up their misconduct, perjure themselves in charging instruments and testimony, and fail to intervene in and report the obviously illegal actions of their fellow officers. Nevertheless, the defendants have allowed policies and practices that allow the aforementioned to persist.
94. All of the aforementioned has created a climate where officers lie to investigators, in paperwork and charging instruments, and testify falsely, with no fear of reprisal.

This failure and these policies caused the officers in the present case to violate plaintiff's civil rights, without fear of reprisal.
